Opis produktu

Summary

DoMain is GEPRC's new generation of consumer Freestyle FPV drone. It brings pilots the GEPRC team's comprehensive technical evolution, as well as a deep comprehension of the Freestyle quadcopters, DoMain is made for the dream Freestyle FPV drone what we've been looking for.

Feature

1. Unique structure design, Increase the stability of the frame structure.
2. The new side panel design is integrated, supporting DIY side panel decals. Higher creativity and diversity.
3. Equipped with sufficient power, it can complete difficult freestyle flight.
4. Support full-size GOPRO or naked GOPRO on itself, Shooting all perfect footages in the view
5. DC structure design, the frame looks neat and compact. The extraordinary high integration, Without Prop in the view, showing you a pure picture.
6. Equipped with M-10 GPS to ensure the safety of every flight with rescue mode.
